

PUBLICATIONS: 2014 and PRIOR

DEPARTMENT OF ANATOMY

Dr.Jayanthi.V

1. A Radiological study on the Trabecular Pattern in the Upper End of the femur in post-menopausal woman, DOI:10.7860/JCDR/2012/4777.2658, Veena Vidya Sagar, Jayanthi.V, Srinath.M.G, Roopa Kulkarni.
2. Persistent sciatic artery; clinical and Embryological features
3. Variation in the formation of Median Nerve - A case report
4. Variation in the branching pattern of subclavian Artery
5. Report of third occipital condyle on the anterior margin of foramen magnum
6. Computer assisted learning modules to enhance Anatomy dissection
7. Anomalous origin of left vertebral artery from the arch of the aorta: Review of the literature and a case report
8. Morphometric analysis of occipital condyles and it's relevance to handedness.
9. Atlanto-occipital fusion- Report of two cases
10. Extra hepatic biliary apparatus and its variations in human
11. Anencephaly a report of few cases
12. Splenomesenteric trunk - a case report.
13. Urinary bladder diverticulum's and it's association in Malignancy. A cadaveric study in Indian Population
14. Anatomical Variations of peroneal muscle: a cadaver study in Indian population and review of literature
15. Double ureter and duplex system: a cadaver and radiological study
16. Anatomic variations of superficial peroneal nerve: clinical implications of a cadaver study.
17. Anatomical variations of peroneal muscles: a cadaver study in an Indian population and a review of the literature.

Dr. Ramesh C.M
